

BALLINGER EQUINE

Full or Part-Time Equine Ambulatory Assistant

Terrific career opportunity with a dynamic, winning team

Ballinger Equine is a modern, dynamic and friendly ambulatory practice, with a reputation for clinical excellence and compassionate, client focussed care. We seek an experienced equine clinician or a more recent graduate looking to develop their career in a well-equipped and supportive environment.

The practice caseload is busy and varied ranging from top competition horses and racehorses to leisure and pleasure horses and ponies.

Confident with clients and their horses, you'll thrive on using your initiative; an enthusiastic team-player, you'll enjoy working with your veterinary and administrative colleagues.

With good written and verbal communication skills, and a keen interest in pursuing your CPD, you'll bring energy, expertise, compassion and commitment to one of the region's busiest and best equine ambulatory practices.

As you would expect, the practice operates a 24/7, 365 emergency out-of-hours service and you'll be happy to participate in the on-call 1:4 rota, terms for which are negotiable.

A clean, current UK driving licence is required and remuneration is competitive, based upon experience and qualifications. Our beautifully located practice office has excellent facilities and central London is just an easy drive or quick rail journey away.

Prospective applicants are encouraged to call Dr Susanna Ballinger MRCVS on 07539 598007 to discuss this exciting career opportunity.

All applications should consist of:

- Detailed CV including professional qualifications.
- Details of professional referees, one of whom must be your current employer (who will only be approached with your permission).
- A supporting statement outlining why you are the best candidate for the role, why you want to work with us and what added value you bring to Ballinger Equine.

All applications to a.hillier@ballingerequine.com

Closing date: 15 January 2018. Outstanding applicants will wish to apply early.
